There are a number of spurious half
dollars in circulation, and they are such
a good imitation that it is hard to tell
them. Merchants should keep a sharp
eye out for these. They are a trifle lighter
in weight than the genuine.

POLICE COURT.

Switch Gang Caused a Drunken Man's
Arrest to Save Him Possible Injury.
The O. and W. switch gang discovered
a very much intoxicated man wandering
among the tracks, Friday night. They
took him to the flag-shanty and Officer
Wood looked him up. This morning he
said he was from Campbell Hall and Re-
corder Barnes gave him ten minutes to
get out of town.
Charles Welch was arrested on a charge
of attempting to detain Daniel Daly
out of a board hall. He asked for a chance
to settle and did so.

THE EVANGELISTIC MEETINGS.

A Large Attendance Last Night—Mr.
Geil's Earnest Plea for More Aggres-
sive Christianity—Meetings To-night
and To-morrow Night.

The First Congregational Church was
filled, last night, at the evangelistic ser-
vices conducted by W. E. Geil who spoke
very forcibly from the text: "He driveth
furiously." 2 Kings ix: 20.

In part he said that the shortest dis-
tance between two points was a straight
line; the straight line of Christianity was
"holiness." It was every Christian's
duty to drive furiously in the straight
line shown in God's word. It was the
fault of many Christians that they were
asleep, they were juggling along in the
same old way they had always been in,
and to do a thing that required a little
labor for Christ was apparently out of
the question.

A rut he said was a grave with both
ends knocked out. Every professing
Christian should get out of these ruts and
get to work. Drive furiously for the time
is limited and much is to be done. He
told of several conversions due entirely
to the prayers of those interested in their
welfare. He said it is not enough to pray
for a person—pray with them and have
them pray themselves. He said he was
greatly pleased with the hearty support
given by the business men to his sug-
gestions of the night before.

An after-meeting lasting about twenty
minutes was held after the regular ser-
vice and was largely attended, many
signifying their willingness to come or
assist others in coming to Christ.

The art and music interest of the men
are especially noticeable. Apparently
they recognize in Mr. Geil a leader of
force and are willing to lead all possible
assistance in order that the success of the
movement may be as great and perma-
nent as possible.

There will be services at the First Con-
gregational Church at 7:30, this evening,
as announced. Also in the Casino, to-
morrow (Sunday) evening, at the same
hour and in St. Paul's M. E. Church,
when the meeting will be in charge of the
city pastors.

ONE OF THE BOSS' SNAPS.

Price Paid for Printing Ballots Was Ex-
orbitant—Supervisor Robinson Op-
posed It.

From the Independent Republican.

It was a Republican Board of Super-
visors which audited the bills of \$22,
\$20 and \$18 per thousand for printing
official ballots for Orange County. It
was Supervisor Samuel D. Robinson,
candidate for County clerk against the
gang's third term, who made a strong
effort to have the rate made \$20 and \$16,
but he was outvoted. That the price
was excessive beyond question. Even
the figures in Mr. Robinson's amendment
represented an enormous profit for the
bills of that year—1895.

The Independent Republican has pri-
oritized official ballots for town meetings
in very many towns at figures a trifle more
than one-half those which were allowed
in this case. And the town meeting bal-
lots were printed in small lots of 500 to
1,500 while the ballots for the county
probably numbered close to 75,000.
There was a profit on the work at the
price this year received even in the small
quantities printed for each town. The
profit on the larger quantity at the in-
creased price was beyond all reason, and
no justice would have been done had
the price been put far below the very lib-
eral figures of Mr. Robinson's amend-
ment.

READY FOR ELECTION

Clerk Hamilton Has Secured Middle-
town's Requisition from County Clerk
(Cassart—Third Term).

City Clerk Hamilton went to Goshen,
to-day, in a big lumber wagon, and when
he returned he had a ton of election
material for Middle town voters' use, as
follows:

Light hundred official ballots, 200
sample ballots, 21 instruction cards, 12
in English, and 12 in German, 4 district
markers, 2 p. 11 books, 2 tally sheets,
package manila envelopes, stick sealing
wax, for each district.

There were also 50 black lead pencils,
10 pen holders, 12 sheets of blotting
paper, 3 bottles of ink, 1 bottle of
mucilage, and the list ends up with
"and tape."

The entire paraphernalia was stored
in one of the vacant rooms where the
city is steadily paying rent for in the
Times building, where it will remain un-
til Tuesday morning, when the clerk will
deliver them to each district by 5 a. m.

THE CHAINLESS COLUMBIA.

Geo. A. Swalm & Son Have One of the
'98 Pattern.

Geo. A. Swalm & Son's store has been
visited by many wheelmen, today, who
desired to inspect the Columbia '98
model, No. 50, chainless bicycle, which
they have just received. It is the first
chainless wheel to put in an appearance
in this city, and it is naturally of interest
to local riders.

This wheel is of diamond frame, en-
amelled, the machinery being dust proof,
and will be sold for \$125.

GEORGE CUTLER MISSING

Came to This City to Sell Some Lead to
Junk Dealers and Cannot Be Found.

George Cutler, of Mt. Hope, came to
this city, Friday afternoon, to dispose of
25 pounds of lead to some of the local
junk dealers. He did not return, Friday
night, and a brother-in-law, who has
been in town, to-day, could find no trace
of him or of his having disposed of the
lead anywhere.

COSTLY REPUBLICAN RULE.

How County Expenses Have Increased
Under a Republican Board of Super-
visors.

From the Independent Republican.

The election of a Democratic majority
in the Board of Supervisors on Tuesday
would be the best thing that could hap-
pen in the interest of the taxpayers.
Since the Republicans gained control of
the Board five years ago they have added
each year to the burdens of the tax-
payers at the rate of more than \$16,000
yearly or \$80,000 in five years, as will
be seen by reference to the following fig-
ures which are official:

	1891	1893
General Fund	\$50,000.00	\$125,000.00
Post Office	20,000.00	10,750.00
Town Audit	6,000.00	51,175.00
Roads and Bridges	12,500.00	41,500.00

What have we to show for this? Are
the people getting any better service
from their public servants at \$290,250.
20 a year than when they were paying
only \$210,033.23 yearly? Is it worth
\$80,000 a year to have a Republican
Board of Supervisors? There were
twenty-two Republican members in the
Board last year and they cost the tax-
payers exactly \$3,636.36 a piece as com-
pared with the cost under a Democratic
Board five years ago. Were they worth
it? Vote for the Democratic candidate
for Supervisor and put a stop to this
regime of extravagance.

PLENTY OF MONEY.

Republicans Will Have "Money to Burn"
on Election Day.

The "flooding" vote will doubtless
find friends among the Republican work-
ers, Tuesday. The campaign fund is
large, made so by other holders, candi-
dates and assistants. One candidate
near the head of the Republican county
ticket has been assessed \$1,000, and one
insignificant on the tail end has been
unsuccessful in knocking off any of the
\$150 levied on him. The bosses intend
to carry this city for Platt's machine
Tuesday if money can do it. It will be
handed by the gang just as openly as
their iniquitous Raines law is violated
Sundays. Do not people will have to
come out in large numbers or the city
and county will be bought and give their
old time figures for the gang.

A SERIOUS RUN-AWAY.

A Port Jervis Man Sustained Very Bad
Injuries.

A team of horses belonging to Hiram
Towner, and driven by one of his em-
ployees named Tarkett, ran away on
Railroad avenue, Port Jervis, Friday
morning.
Mr. Towner jumped from the wagon
and turned several somersaults. He was
unconscious for a few moments, but was
not seriously hurt.

Mr. Tarkett remained in the wagon
until it collided with a tree and was com-
pletely wrecked. He was thrown vio-
lently to the sidewalk and sustained
many cuts and bruises, and was also
seriously injured internally.

PULLED A POLE DOWN.

Live Wires at the Corner of James and
West Main Streets.

A Woodlawn avenue car passing
through James street and turning into
West Main pulled down a guy wire
which brought with it the trolley
wire with several live wires at-
tached. An arc lamp was extinguished
at once and there was considerable
danger in the immediate vicinity for the
next half hour. Capt. Votter and the
central beat policemen kept the many
people who passed away from the live
wires and after some delay the damage
was temporarily repaired.

IN HEART DISEASE IT WORKS LIKE MAGIC

For years my greatest enemy was
organic heart disease. From weakness
and palpitation it developed into ab-
normal action, then apoplexy and com-
ingling sensations. Dr. Agnew's Cure
for the Heart gave instant relief, and the
bad symptoms have entirely disap-
peared. It is a wonder-worker, for my case
was chronic. —R. W. L. S. Dana, Pitts-
burgh, Pa.

ball enthusiasts went to West Point, to-
day, to witness the game between the
cadets and the Yale team.
The game scheduled between the Mid-
dletown High School and that of New-
burgh at Newburgh, to-day, was not
played.

A Union Evangelistic Service at St. Paul's.

On Sunday evening a union evan-
gelistic service will be held in the St. Paul's
M. E. Church. Several of the city pastors
will have charge of the meeting and it is
hoped that many will attend.

OBITUARY.

Mrs. Elmira J. Withiam.

From the Port Jervis Gazette.

Mrs. Elmira Colbert Withiam, widow
of the late Harrison Withiam, died at the
home of her daughter, Mrs. Leander E.
Tilson, No. 23 Elizabeth street, at 8:30
o'clock, Thursday night, of cerebral
apoplexy.

Mrs. Withiam was the daughter of the
late Mr. and Mrs. James Colbert and was
born on the "Ridge," near Middletown,
in July, 1827, being thus seventy-six
years of age. She was an Old School
Baptist. When she was ten years of
age she went with her family to live at
Ithaca, N. Y., and she passed nearly all
the remainder of her life in Western New
York. Her husband died twenty-seven
years ago, and by that union ten chil-
dren were born, of whom five are now
living.

Last April Mrs. Withiam came to Port
Jervis to reside. The body will be taken
to Burdette, N. Y., for burial.

Mrs. G. N. Simons.

Mrs. Frances Reynolds, wife of L. N.
Simons, died at her home in South
Goshen, this morning, after an illness
of two years from dropsy, aged sixty-six
years.

She is survived by her husband and
four sons and one daughter; James and
Addison, of this city; Ira, of Port Jervis;
Albert, of Greenville; and Carrie, of Port
Jervis.

The funeral notice appears elsewhere.

IN THE HANDS OF THE FARMERS

Pro Rata Freight's Have Given the
Farmers the Control of the Milk Mar-
ket.

From the Sussex Independent.

How often and how truly has it been
said that the farmers have the milk ques-
tion all to their own hands. The ques-
tion of prices all theirs and so is the
amount produced. This must be very
plain to all who have in any way stud-
ied the situation for any long period.
Since the decision of the Interstate Com-
merce Commission, it must be more ap-
parent to the farmers of Sussex and Or-
ange counties. Nothing has ever oc-
curred that has benefited Sussex and
Orange county more than this decision
which will show much greater benefits
when the yearly contracts are to be made.
